

AVID Professional Learning

In-Person Professional Learning

AVID Summer Institute: AVID Summer Institute is a 3-day, high-touch, interactive community experience featuring a rigorous curriculum that promotes student achievement at the highest levels and lays out a pathway to student success. Based on the teacher-developed, classroom-proven AVID College and Career Readiness Framework, Summer Institute models AVID Professional Learning Practices, best-practice district/site leadership, and classroom instruction for teachers, administrators, academic counselors, career advisors, and anyone who wants to help students fulfill their potential and successfully prepare for college. Participants will become familiar with the AVID Methodologies and learn what to anticipate when a school focuses its instruction, systems, leadership, and culture to strategically improve the academic performance of all students. AVID resources that build on existing best practices are provided.

During Summer Institute, Site Teams will gather to set goals based on their site's/district's data and priorities using the Site Team Portal, a suite of resources designed to provide Site Teams with an intentional yearlong experience. Participants are also encouraged to attend General Session, where student and educator speakers provide motivation for the year to come.

Each Community of Practice (CoP) starts as a group with AVID facilitators. All participants will need access to a laptop, as all CoPs are facilitated through and have resources housed in an eLearning course.

AVID Path to Schoolwide®: AVID Path to Schoolwide trainings are 2-day, 12-hour trainings offered regionally and within districts. AVID Path to Schoolwide trainings feature a rigorous curriculum that promotes student achievement at the highest levels and lays out a pathway to student success. Based on the teacher-developed, classroom-proven AVID College and Career Readiness Framework, Path to Schoolwide trainings model AVID Professional Learning Practices, best-practice district/site leadership, and classroom instruction for teachers, administrators, academic counselors, career advisors, and anyone who wants to help students fulfill their potential and successfully prepare for college. Participants will become familiar with the AVID Methodologies and learn what to anticipate when a school focuses its instruction, systems, leadership, and culture to strategically improve the academic performance of all students. AVID curriculum and resources are provided.

- a. **Training Requirements:** The coordination and funding for the training space is the sole responsibility of Client. Client will register its participants in AVID Center's Event Management System.

To ensure quality training, the training space should be arranged as described below:

Each meeting room should be able to comfortably accommodate all participants with adequate seating and desk space. Client shall not allow the number of participants in any Community of Practice (CoP) to exceed the room capacity. Should registrations increase to a point at which, in AVID Center's sole discretion, it becomes necessary to add a CoP, AVID Center shall notify Client and Client shall have the option to add the CoP or decrease their number of registrations in such CoP.

To provide a quality presentation, the following pieces of equipment should be provided, set up, and tested for function prior to the start of the training:

- LCD Projector and Screen
- Sound System
- Technology Support
- Chart Paper and Easel
- Laptop for Each Participant
- Wi-Fi Connection

All participants will need Wi-Fi access and a laptop, as all AVID Path to Schoolwide Communities of Practice are facilitated through and have resources housed in an eLearning course.

Virtual Professional Learning

AVID Ignite™*: As the next evolution of AVID DigitalXP™, AVID Ignite* is a virtual or hybrid summer professional learning event. It combines best-in-class, focused virtual learning with resources for virtual or on-site planning and inspiration so that educators can start the school year ready to collectively implement best instructional practices that prepare every student to live a life of possibility.

AVID Ignite* enables AVID members to combine the flexibility and efficiency of virtual learning with the inspiration, energy, and momentum that results when educators from a district or site gather together to celebrate successes and collaboratively develop AVID implementation plans for the school year ahead.

Participants can choose from 34 virtual Communities of Practice on nationally scheduled dates and can hold their planning and inspiration activities on-site or virtually during those scheduled dates, or on other dates of their choice.

- a. **Materials**: All Community of Practice resources, along with guides and materials to support the design and execution of planning and inspirational sessions for the next school year, are provided digitally.

AVID ElevateXP®: AVID ElevateXP is a differentiated, digital professional learning experience designed to empower all elementary through higher education educators to create an engaging community of learners by preparing them to scaffold student success with rigorous content in a blended learning environment. AVID ElevateXP offers learning experiences to help educators gain new teaching strategies, tools, resources, and support that amplify best practices. Each session comprises four 3-hour modules, for 12 hours of learning, and modules may be scheduled consecutively, days apart, or weeks apart. Participants are able to stay connected through synchronous and asynchronous opportunities.

*Clients entering their first year of AVID implementation agree to attend AVID Summer Institute as the preferred option. For continued professional learning opportunities offered in the summer, clients in year two and beyond are encouraged to attend AVID Summer Institute and/or AVID Ignite.
