Don't miss this eye-opening session that shines a spotlight on the cutting edge applications of AVID implementation in virtual educational settings, going beyond the traditional boundaries of brick-and-mortar schools. In this showcase we will:

Dive into the seamless integration of the AVID WICOR (Writing, Inquiry, Collaboration, Organization, and Reading) strategies within the virtual school environment.

Discover how virtual schools can implement AVID practices to enhance student engagement, critical thinking, and collaborative learning, reshaping education in the digital era.

Explore the adaptability and effectiveness of AVID principles in shaping well-rounded, successful learners who flourish outside the limitations of physical classrooms.

Secure your spot today to gain invaluable insights into the future of virtual learning through an engaging Q&A session with AVID educators.
